

Candy-O

Powerman 5000

Candy-O, I need you
Sunday dress, ruby rings
Candy-O, I need you so
Could you help me in? Purple hum, assorted cards
Razor lights you'll bring
And all to prove you're on the move
And vanishing Candy-O, I need you so
Candy-O, I need you so
Edge of night, distract yourself
Obstacles don't work
Homogenize
Decentralize
It's just a quirk
Different ways to see you through
All the same in the end
Peculiar star, that's who you are
Do you have to win? Candy-O, I need you so
Candy-O, I need you so
