Lights On

Emanative

I keep on moving with the lights on
I keep on moving with the lights on
So come and play me just one more song
I keep on moving with the lights on
So you can't scare me with the lights on
Step in at the club
Might wanna turn now and might watch me
Step on to the floor
Might wanna come and watch me on a clock way
DJ, come and shut me
Rhythm take control
And nothing can stop me
But them got me
'Cause lights is blaring hotter now
Dance is getting hotter now
Drowning in the heat
And I don't want to leave
Ooh, gal, you know we look hot
From within, we come with it, drop
Caught up in the night and
We ain't ready to go home yet
Said I will keep on going until they say so
And even when they do, it's so hard for me to go
While some others are in the clock room, some others are at the door
We can keep on going in the middle of the floor
I keep on moving with the lights on
So come and play me just one more song
I keep on moving with the lights on
So you can't scare me with the lights on
I keep on moving with the lights on
So come and play me just one more song
I keep on moving with the lights on
So you can't scare me with the lights on
Now you can watch me if you like 'cause I really don't care
I'll be the same if there was only me inside of here
'Cause this is where I'm meant to be, I ain't going nowhere
You'll have to come and move me if you want me out of here
I will keep on going until they say so
And even when they do it's so hard for me to go

Some others are in the clock room
Some others are at the door
We can keep on going in the middle of the floor, yeah
I keep on moving with the lights on
So come and play me just one more song
I keep on moving with the lights on
So you can't scare me with the lights on
I keep on moving with the lights on
So come and play me just one more song
I keep on moving with the lights on
So you can't scare me with the lights on
Just one more please, they gon' give me
Mr. Songman, I don't want you to see me
Three in the each and the beats are so silly
God have mercy, oh the vibe is so sweet
Lights on
Still I'll be party alone
I can't stop it
I keep on moving with the lights on
So come and play me just one more song
I keep on moving with the lights on
So you can't scare me with the lights on
Play me one more song
I keep on moving with the lights on
Play me one more song
Come and play me one more song
With the lights on
