

# Be With You

[Rick Astley](#)

How can you turn and walk away?  
Leaving me here with the things to say  
How can you stand and watch me fall?  
Don't you feel no love at all oh I only want to say to you  
That it would break your papa's heart  
For him to hear the things you say  
When we could make a brand new start Will you hold me in your arms or let me go?  
'Cause I want to show the world how much I know  
That I love you  
And I only want to be with you How do I know you'll always stay?  
You're changing your mind most every day  
I'm telling you, girl, don't push too far no  
Just who do you think you are? I only want to say to you  
That it would break your mama's heart  
For her to see the things you do  
When we could make a brand new start Will you hold me in your arms or let me go?  
'Cause I want to show the world how much I know  
That I love you  
And I only want to be with you Will you hold me in your arms or let me go?  
'Cause I want to show the world how much I know  
That I love you  
And I only only be with you Oh I love you  
Are you ready for a guy like me?  
Come on baby, I'm on bended knee  
Are you ready to be loved by me again, oh? I only want to say to you  
That it would break my loving heart  
For me to see the things you do  
When we could make a brand new start  
Yes, we could make a brand new start Will you hold me in your arms or let me go?  
'Cause I want to show the world how much I know  
That I love you  
And I only want to be with you  
Will you hold me in your arms or let me go?  
'Cause I want to show the world how much I know  
That I love you  
And I only only be with you  
Ohh yea hum  
'Cause I love you  
And I only want to be with you

Dede dede dedededede  
'Cause I love you  
And I only want to be with you
