

# Subcultural Girl

## Nekromantix

Subcultural girl, you shock my world  
psychobilly hot babe, rude girl, new wave  
punk chick, skin girl honey i'm your slave  
i dig the way you do your hair  
i love your attitude and the clothes you wear  
no square's needed when you're around  
you seduce me with the smell of underground  
my rockabilly pinup you're so tough  
i cant get enough...subcultural girl, you shock my world  
see you walking down the street oolala  
deadly curves, nasty and bizarre  
ooh girl you're the one for me..  
i like what i see..subcultural girl, you shock my world
