

GIVE ME SOMETHING TO REMEMBER

3OH!3

I am the sweat that glows under the moonlight
You are the heat that hovers on a June night
If only I could stay awake
I'd watch you drive away for good
You don't know the words to say, to say We burn quick on the edge of a match
We live fast 'cause there's nothing that's forever
So drive off and don't ever look back
But give me something, something to remember We are the smoke stacks reaching for the sky
Yeah yeah, we light a cigarette and watch the stars die
If only I could stay awake
I'd watch you drive away for good
You don't know the words to say, to say We burn quick on the edge of a match
We live fast 'cause there's nothing that's forever
So drive off and don't ever look back
But give me something, something to remember
We kill the night like a firework sky
We go hard 'cause we know it's now or never
So break free and go chasing that high
But give me something, something to remember So we drive up the mountain that they call Flagstaff
You and I, we say goodbye where the power lines crash We burn quick on the edge of a match
We live fast 'cause there's nothing that's forever
So drive off and don't ever look back
But give me something, something to remember
We kill the night like a firework sky
We go hard 'cause we know it's now or never
So break free and go chasing that high
But give me something, something to remember
