

Doesn't Anyone Hurt Anymore

Travis Tritt

I turn on the radio and I begin to dial
I do believe without a doubt the whole world's in denial
They're all singing I love you and what a perfect life
I've been around enough to know, to know that isn't right
Doesn't anyone hurt anymore
Have the teardrops stopped
No one's walking the floor
And the blues don't ever come around and knock on the door
No angry words are spoken
No hearts are being broken
Doesn't anyone hurt anymore
I'm not a lonely man locked away in a room
Crying for some lost love and cursing out the moon
But I know there's people out there that love has put to shame
Sometimes a song is all they have to help them through the pain
Chorus:
