

I'm Going For Mine

Keith Sweat

Ohh, no no no no no
Didn't have to get like this, baby
No, my love
It's over now You want me to act like nothing never happened
Baby, I wish I could
But every last situation that arises, oh honey
Remind me how you treated me no good, oh no, baby You told me lies, you made me cry
Now you sigh, why? Why? Why?
Why'd you do me wrong? Now you miss, what we had
It's to late, oh baby
To you I sing this song Sorry, sorry, baby, it's over now
You went for yours, now I'm going for mine
Sorry, sorry, baby, it's over now
You went for yours, now I'm going for mine Oh girl, I was doing my J O B, oh sugar
Doing the best I could for you and I, it's okay
And even though the whole time
You was running your own little show
You must have been the star
You took it too far, yeah girl I spend nights all alone
Couldn't reach you on the phone, my baby
Tell me, where were you? Now you miss, what we had
It's too late, my baby
Again I sing this song to you Sorry, sorry, baby, it's over now
You went for yours, now I'm going for mine
Sorry, sorry, baby, it's over now
You went for yours, now I'm going for mine Ooh, you played me girl
Ooh, you ruined a good thing
Yeah girl, yes, you did Listen girl, you got the best of me
And now girl, we're through
Tell me girl, what can I do? Sorry, sorry, baby, it's over now
You went for yours, now I'm going for mine
I said, "Sorry, sorry, baby, it's over now
You went for yours and now I'm going for mine" Why did you have to hurt me, girl?
Why did you have to do me wrong?
I loved you, baby?
Now I gotta, I gotta sing this song?
