

# Family Man

Jimmy London

Woah jocko, don't expect me  
To come out drinking, messin' around  
    Spending my time  
With a bunch of crazy people  
    Yes, I been there before  
I don't need to go back no more  
    I'm just a family man  
        Like it or not  
    I am a family man  
I'm a-holding onto what I've got  
    I'm a family man  
        Right by damn  
Finally, find out what I am  
    Is a family man  
And don't expect me  
    To hit the road  
At a moment's notice  
    Without my suitcase  
With some crazy bunch of strangers  
    In some unknown car  
I'm just not willing to go that far  
The life I used to lead was a little too frantic

I guess I just got eyes to grow old and grey  
And if what I have in mind isn't super romantic  
I guess I always saw myself this way  
    I'm just a family man  
        Like it or not  
    Said I'm a family man  
Holding onto what I've got  
    I'm a family man  
        Right by damn  
I, finally, find out what I am  
    Is a family man  
Sears and roebuck  
Howard johnson  
Colonel sanders  
Station wagon  
Briggs and stratton

Second mortgage  
If I can ever lose my blues  
Walk on over and turn on the tv  
What I'd like to do is lie down on the sofa  
Later on  
I might walk my dog, baby  
Bo diddley's a family man
