I'm not afraid to be H.U.M.A.N. I'm not afraid to be human
Don't try to save me now
I'm building up a new paradise Rewind my visions I'm breaking free now Drowning in your eyes
The world is melting down
Just like a silver cloud Drowning in your eyes
The time is bleeding now
Before I touch the ground I'm everything in this nothing
The monster is alive
But far away from my paradise Rewind my visions I'm breaking free now Drowning in your eyes
The world is melting down
Just like a silver cloud Drowning in your eyes
The time is bleeding now
Before I touch the ground The Monster - Is Alive
