# Do You Want Me

## Da Buzz

Do you want me?
Do you really want me?
Do you really want me?You came in everyone turned around
Just to see your beautiful face
The stars and the moon shining in your eyes
Could not believe that you wanted meA little kiss and I thought I could die
I was standing so close to you
My heart bleated faster as I started to say
In other words, baby, you are all I needI can't understand that you are here
Do you want me?
I just can't believe that you are real
Do you really want me?I can't understand that you are mine
Do you want me?
I just can't believe that you're so fine
Do you really want me?Every time, when I see you around
Don't understand how you make up your mind
You choose and pick up every girl that you like
You wouldn't be the angel for meBut now I see that your heart is so pure
It must be good, to good to be true
My heart beats faster as you start to say
In other words, baby, you are all I needI can't understand that you are here
Do you want me?
I just can't believe that you are real
Do you really want me?I can't understand that you are mine
Do you want me?
I just can't believe that you're so fine
Do you really want me?Do you want me?
Do you want me?
Do you want me?Take my hand look in my eyes
Take your time and make me wanna fly
I think I love you, do, do, do you want me?Do you want me?
Do you want me?
Do you want me?
Do you really want me?I can't understand that you are mine
Do you want me?
I just can't believe that you're so fine
Do you really want me?
