

# Wait for It

Samantha Jade

Hold up, I'm on it  
Don't trip, get some moment  
Let's just be here, 'cause we're blowing  
Don't rush where we're going Can happen in any day  
And it will all fade away  
That's the kind that we  
Uh, I want your love  
Just wait for it! Don't wonder, ain't going nowhere  
And maybe that could last forever  
Let's stay here and do whatever  
Time doesn't matter, you're my lover!  
(Ooh ooh ooh ooh oh oh)  
Just wait for it  
(Ooh ooh ooh ooh oh oh) I want what you wanted  
But I try to control it  
'Cause I love how, how we're moving  
Let's just do what we're doing Can happen any day  
And it will all fade away  
That's the kind that we  
Uh, I want your love  
Just wait for it! Don't wonder, ain't going nowhere  
And maybe that could last forever  
Let's stay here and do whatever  
Time doesn't matter, you're my lover!  
(Ooh ooh ooh ooh oh oh)  
Just wait for it  
(Ooh ooh ooh ooh oh oh)  
Can happened any day  
(Ooh ooh ooh ooh oh oh)  
And it will all fade away  
(Ooh ooh ooh ooh oh oh)  
That's the kind that we  
(Ooh ooh ooh ooh oh oh)  
Just wait for it!  
Just wait for it!  
Yeah, just wait for it! (Ooh ooh ooh ooh oh oh)  
Just wait for it!  
(Ooh ooh ooh ooh oh oh)  
Just wait for it! Don't wonder, ain't going nowhere

And maybe that could last forever  
Let's stay here and do whatever  
Time doesn't matter, you're my lover! Don't wonder, ain't going nowhere  
And maybe that could last forever  
Let's stay here and do whatever  
Time doesn't matter, you're my lover!
