

Testify

Phil Collins

I wanna testify
Testify my love for you
I'm here to testify
Testify my love for you
And I will do all that I can do for you
Together we will be together Come on testify
Testify your love for me
Testify
Testify your love for me
You can be all the things you want to be
And together we will be together Every heart that's ever been broken
Knows these things must not go unspoken
Giving yourself, giving each other
The strength to lead on one another
I'll be there for you
You'll be here for me That is why I wanna testify
Testify my faith in you
Come on and testify
Testify your trust in me
You can be all the things we want to be
And together we can do it together Every heart that's ever been broken
Knows these things must not go unspoken
Giving yourself, giving each other
The strength to lead on one another
I'll be there for you
I know you'll be here for me I wanna testify
Testify my love for you
I'm here to testify
Testify my love for you
I will do the best things that I can do for you
To know together we will always be together, oh yeah I wanna testify my love for you
Testify
Oh yes, I wanna testify
Testify
Testify my love for you
I will do all that I can do for you
Together you know we will always be together I wanna testify
Testify
I wanna testify

I wanna testify

I wanna testify

I wanna testify

Testify
