

# It's All About You (Album Version)

## Big Daddy Weave

It's not about me  
It's all about You  
It's not about my pride  
It's all about Your truth And so right here from the start  
I open up my heart  
And say, Lord, here's every part  
'Cause it's all about You Jesus, Jesus  
Jesus, it's all about You
