

Dance Like Sunday

Trin-i-tee 5:7

I will give praise any time, any day
See, He's done so much for me
That I want the world to seeHey, that it's okay
You can praise Him like me
You don't have to be ashamed
You can praise Him this wayCome on, get out of your seat
Stand up, give Him a little dance, say dance for me
He's done too much for you
We've got to give a little praise
So here's what we're gonna doWe gonna dance like it's Sunday
We gonna praise him in a new way
I'll show you how to have a good time
Come on, get with me, it's okay
Everybody join the paradeNow look at me, even talk about me
For the way I feel won't change
'Cause I love to call His nameHey, I can't sit down
'Cause every time I think about
Everything He's done for me
Said I just can't hold my peaceSo come on, get out of your seat
Stand up, give Him a little dance, say dance for me
He's done too much for you
We've got to give a little praise
So here is what we're gonna do, yeahWe gonna dance like it's Sunday
We gonna praise him in a new way
I'll show you how to have a good time
Come on, get with me, it's okay
Everybody join the paradeWe gonna dance like it's Sunday
We gonna praise him in a new way
I'll show you how to have a good time
Come on, get with me, it's okay
Everybody join the paradeDance with me, yeah, don't be afraid, just do it
Dance with me, yeah
You need to give it up
Move your feet, yeah
It's easy for me, so if you really believe
Everybody join meWe gonna dance like it's Sunday
We gonna praise him in a new way
I'll show you how to have a good time
Come on, get with me, it's okay

Everybody join the parade We gonna dance like it's Sunday
We gonna praise him in a new way
I'll show you how to have a good time
Come on, get with me, it's okay
Everybody join the parade We gonna dance like it's Sunday
We gonna praise him in a new way
I'll show you how to have a good time
Come on, get with me, it's okay
Everybody join the parade
