

Baby, It's Cold Outside

Jane Monheit

I really cant stay
But baby, its cold outside
I've got to go away
Ahh, baby, its cold outsideThis evening has been
 Been hoping that youd drop in
 So very nice
Ill hold your hands, theyre just like iceMy mother will start to worry
 Beautiful, whats your hurry
 My father will be pacing the floor
Listen to that fireplace roarSo really Id better scurry
 Oh beautiful, please dont hurry
 Maybe just a half a drink more
Why dont you put some records on while I pourThe neighbors might think
 Oh baby, its bad out there
 Say, whats in this drink
Theres no cabs to be had out thereI wish I knew how
 Your eyes are like starlight now
 To break this spell
Ill take your hat, your hair looks wellI ought to say no, no, no, sir
 Mind if I move a little closer
 At least there'll be, oh, that I tried
Whats the sense of hurting my prideI really cant stay
 Baby, dont hold out
 Ahh, but its cold outside
 YeahI simply must go
 Oh, baby, its cold outside
 The answer is no
You know its cold outsideThis welcome has been
 Im lucky that you dropped in
 So nice and warm
Look out the window at that stormMy sister will be suspicious
 Oh, your lips look delicious
 My brother will be there at the door
Like waves upon a tropical shoreMy maiden aunts mind is vicious
 Eww, your lips are delicious
 Well maybe just a cigarette more
Never such a blizzard beforeI've got to go home
 Ahh, baby, you would freeze out there
 Say, lend me a comb

You know its up to your knees out there
You've really been grand
I thrill when you touch my hand
But dont you see?
How can you do this thing to me
Theres bound to be talk tomorrow
Making my life long sorrow
At least there will be plenty implied
If you caught pneumonia and died
I really cant stay
Get over and hold out
Ahh, but its cold outside, yeah
Bloody, freezin' ain't it
