

# Gone

## Tokyo Police Club

Gone to the coast  
Gone to the coast  
Where I let my hair down  
Out on the beach  
Out on the beach  
Where I let my ship sail  
(x2)  
Cause I don't know what I want  
I don't know what to think with  
Both the curtains drawn  
I dunno about you  
Tell me something that I'm supposed to do  
Runners don't run to me  
Runners don't say the same old things  
Racers don't bother me  
Racers don't say the same old things  
But you always do

Gone to the coast  
Gone to the coast  
Where I let my hair down  
Out on the beach  
Out on the beach  
Where I let my ship sail  
(Instrumental Break)  
Gone to the coast  
Gone to the coast  
Where I let my hair down  
Out on the beach  
Out on the beach  
Where I let my ship sail  
Cause I don't know what I want  
I don't know what to think with  
Both the curtains drawn  
I dunno about you  
Tell me something that I'm supposed to do, to do  
(Outro)
