Uh Oh Hello

Elefant

If I talk to you
Will you stick around?
I like the way you look
I like the way you touch
If you were my friend
Do you think we could pretend?
That everything's alright
I know you like it when we fight
Uh oh hello
Uh oh hello
Uh oh hello, hello
Hello, hello, hello
It's like a Sunday night
We're smoking with the windows down
I know it's not polite
To always want to kiss and bite
Uh oh hello
Uh oh hello
Uh oh hello, hello
Hello, hello, hello

You look so good when you're a mess
I don't know why
The candy wrappers on the floor
Match your eyes
And when I pass the old high school
I think of you
And all those summer nights
We held hands and knew
Hello, hello, hello
Uh oh hello
Uh oh hello
Uh oh hello, hello
Hello, hello, hello
Uh oh hello
Uh oh hello
Uh oh hello, hello
Hello, hello, hello
