

Then I Go Twisting

Erasure

(Clarke / Bell) Then I go insane
I'm bored of this modern town
Sick of this techno
Monophonic sound Turning the lights down
Modern life's so dull
More of the same stuff
I don't wanna let you down Take my hand now
Then I go twisting
Woah
Then I go twisting Then I go twisting
Then I go twisting Think I'm going schizo
I bury my head in sand
I live in a disco
You've such a machismo hand I don't wanna see you
You turn my world upside down
My mind is scrambled
And shouting is way too loud Take my hand now
And then I go twisting
Woah
Then I go twisting Then I go twisting
Then I go twisting
Then I go twisting
Then I go twisting Take my hand now
Then I go twisting
Woah
Then I go twisting Take my hand now
Then I go twisting
Woah
Then I go twisting Then I go twisting
Then I go twisting
Then I go twisting
Then I go twisting
