Christgrinding Avenue

Behemoth

Reptile
Spreading sickness and disease among the men
Grubby creed
What are ye but the soulless meat?Lunatic
Cancer consuming thy race from inside
Beware
No grace awaits thee in the crying skies aboveI'm on my way
Destination Hell
By the power of will
I shall complete the Devil's workVultures attack
May Hell unlock overpowering might
Mourn not, my comrades
Thou art fateless in the blinding lightSoldiers
On the altar of liberation, crucify the whore
Rejoice
Drink to crucifixion for oppression is no moreSlay the whore
Make it bleed, make it weep
Let it die forever moreSlit the throat
Let them rot, let them pay
Let em taste their own bloodMake 'em crawl
Upon this corpse, I shall feast
'Till no hope remains for the twisted mobMithras
Raise thy sword of judgment, loose the iron rain
Beat the drum
No earthly power may hinder nor stop theeSekhmet
Manifestation of Mut, protector of Ma'at
I call upon the most divine
To spew forth this infecting dust of lifeI'm on my way
Destination Hell
By the power of will
I shall complete the Devil's work
