

Power of Soul

Jimi Hendrix

Yeah...yeah, fly...yeah, yeah...yeah,
Ooo... yeah...yeah, fly...yeah, yeah...yeah,
Yeah...yeah, fly...yeah, yeah...yeah, ooo...
Ooo... yeah...yeah, fly...yeah, yeah...yeah, Look out for some of those airplane rides you been takin,
You know the ones that have been flyin' too low, oh
Look out for some of those airplane rides you been taken,
especially the ones that are flying too low, oh
Yeah...
Talk about it With the power of soul
Anything is possible
With the power of you
Anything you wanna do Flyin' through the air on a kite every day and every night
Turns to be a risk
Sometimes the wind ain't right
Yeah, I'm playin' too much with one toy baby
Just up there, to escape to the crippled night
Oh yeah
And you look around and see your jellyfish
And you're saying, "Floatatious goovy baby."
Yeah, gettin' high every day is easy
And floatin' around even if jellyfish will agree to that
Yeah, I'm singin' with a power
Of you
Is that the way you want to be baby, look out now
Hhmm. With the power
Anything, anything you want to do With the power of soul
Anything is possible
With the power of you
Anything you wanna do With the power of soul
Anything is possible
With the power of you
Anything you wanna do
Oh yeah
