

Mr. Freakshow

Gin Wigmore

Hey

thank you for the date
the tulips made you mr. freakshow
you think you got what it takes
well im thinking about making you wait
i should tell you
i dont ever wanna
ever ever be your lady

she said she said

dont stay long

i want you gone before the morning comes

he said where did i go wrong

call me call me

like you like me some

she said she said

dont come back

i want you gone before the morning come

Oh no oh no

ah oh ah oh no no no

ah oh ah oh no no no

ah oh ah oh

Sorry

were you looking for love

I dont think you have the touch

Mr.

Get up, off your kneees

Girls dont like

a man begging to be

Tarzan

you see me swinging for trees

I dont ever wanna

ever be your lady

she said she said

dont stay long

i want you gone before the morning comes

he said where did i go wrong

call me call me
like you like me some
she said she said
dont come back
i want you gone before the morning come
Oh no oh no
ah oh ah oh no no no
ah oh ah oh no no no
ah oh ah oh

I sit here alone
and ill dig all my toes in
Till i find the perfect one
And im thinking how to leave you
Mr Mr Freakshow
Go go home

No no no
Ah no
she said she said
dont stay long i want you gone before the morning comes
he said where did i go wrong
call me call me
like you like me some
she said she said
dont come back
i want you gone before the morning come
Oh
ah oh ah oh no no no
ah oh ah oh no no no
ah oh ah oh
Go go
let me be let me be let me be
Oh go go
