

Fare Thee Well

[William Fitzsimmons](#)

Prepare them not for sunrise
We'll watch them go
I often see your small ghost
In funeral clothesPrepare them not for war time
They'll sing its tune
I left you on your own child
10 years too soonFare thee well
Fare thee well
Prepare them not for long lives
In soil immersed
We speak by your small headstone
You left me first
Fare thee wellFare thee wellFare thee wellFare thee well
