Faces

The M Machine

So we found ourself in a new place
And it's clear here that we're not alone

Faces that we've never seen before
And it feels like
Like we never left home

At least we tried to be honest about the light
And it seems we feel
So threatened by

Faces that we've never seen before
And it feels like
Like we never left home

So we found ourself in a new place
And it's clear here that we're not alone

Faces. that we've never seen before
And it feels like
Like we never left home
