

F-VR (feat. Candice Pillay & No Riddim)

Far East Movement

[Intro][Verse 1: Candice Pillay]

This atmosphere is even farther

Don't know no one but you and me we keep it undivided

Now if I ever feel a type of way, fold up and light it

We real about it

We still about it

[Chorus: Candice Pillay]

Forever and ever

We on this forever

We ridin' forever

Cause we good forever

We own this forever

Yeah all this forever

We all in forever

Ever

Ever ever[Refrain: Candice Pillay]

Ever ever

We all in, We all in, We all in, We all in, We all in, We all in, We all in[Bridge :Candice Pillay]

Ever and ever

We on this forever

Cause we good forever

We own this forever

We all in forever
