

Mining Town

Whiskeytown

Said you came from a mining town
They closed the mining down
Said your daddy was a drinker
He had a picture of Jesus on his sinkerMaybe I
Maybe I'm coming for you tonightThis town's only five miles wide
Look everywhere there's a road sign
On tops and places to hide
And cops sit around hungry
Waitin' to dineMaybe I
Maybe I'm coming for you tonightMaybe I
Maybe I'm coming for you tonightSaid you came from a mining town
They closed the mining down
Said your momma was a drinker
She had a picture of Jesus on her sink andMaybe I
Maybe I'm coming for you tonightMaybe I
Maybe I'm coming for you tonightMaybe I
Baby, I'm coming for you tonight
