Never Lonely

Bobby Valentino

Independent girl, that's what you are
Everytime I see you, you look like a star
Don't mean to impose, I just wanna get to know you
When we talked on the phone you said
You've been put through some horrible things
You don't need that in your life 'cause your such a princessGirl, I know you don't need a man
Another heartache relationship
I just wanna make sure that you are never lonely
Girl I know, you don't need a man
Another heartache relationship
I just wanna make sure that you are never lonelyA beauty like you should be taken care of
Not worryin' 'bout ya man being way out there
Doing things to you, like you not waiting at home
Cooking and cleaning, acting like you're his wife
Mean while he's drinking in the club with his boys
What is he thinking, he had gold in his handsGirl, I know you don't need a man
Another heartache relationship
I just wanna make sure that you are never lonely
Girl, I know you don't need a man
Another heartache relationship
I just wanna make sure that you are never lonelyGirl, I know you don't need a man
Another heartache relationship
I just wanna make sure that you are never lonely
Girl I know, you don't need a man
Another heartache relationship
I just wanna make sure that you are never lonelyIf he only knew how much you love him and you care
So much for him, you were there in his time of need
Did he mess it up for a guy like me?Girl, I know you don't need a man
Another heartache relationship
I just wanna make sure that you are never lonely
Girl, I know you don't need a man
Another heartache relationship
I just wanna make sure that you are never lonelyGirl, I know you don't need a man
Another heartache relationship
I just wanna make sure that you are never lonely
Girl, I know you don't need a man
Another heartache relationship
I just wanna make sure that you are never lonelyGirl, I know you don't need a man
I just wanna make sure that you are never lonely

Girl, I know you don't need a man
I just wanna make sure that you are never lonely
