Ferocious

Ok City Ok

I've been through struggles
Dodged a lot thrown at me
Some people in the world
Don't want you to succeed
I spotted your true colours
I saw through the disguise
I figured you're a user
You're only full of liesNow it's bright
I'm standing like a lion
Not caring what you say
Crawl away now you poison spider
Don't ever stand in my wayI'm setting free my inner wolf
I will be ferocious
And I'm setting free my inner tiger
I will be ferocious
And I'm setting free my inner wolf
I will be ferocious
And I'm setting free my inner tiger
I will be ferociousFerocious, ferocious
I will be ferocious
Ferocious, ferocious
I will be ferocious
Ferocious, ferocious
I will be ferocious
Ferocious, ferocious
I will be ferociousLife is never easy
Don't ever pack it in
Deal with all the highs and lows
Don't let them say you can't
You've come out of the dark
Found the courage within
Now I know for a fact
I can face anythingNow it's bright
I'm standing like a lion
Not caring what you say
Crawl away now you poison spider
Don't ever stand in my wayI'm setting free my inner wolf
I will be ferocious
And I'm setting free my inner tiger

I will be ferocious
And I'm setting free my inner wolf
I will be ferocious
And I'm setting free my inner tiger
I will be ferociousFerocious, ferocious
I will be ferocious
Ferocious, ferocious
I will be ferocious
Ferocious, ferocious
I will be ferocious
Ferocious, ferocious
I will be ferocious
Ferocious, ferocious
I will be ferocious
Ferocious, ferocious
I will be ferocious
Ferocious, ferocious
I will be ferocious
Ferocious, ferocious
I will be ferociousI'm setting free my inner wolf
I will be ferocious
And I'm setting free my inner tiger
I will be ferocious
