Never Gonna Stop

Milow

It's in taxis it's on trains
In airports hopping planes
The silence moving on contains
It's in all the in-betweens
In the day to day routines
In over 15 million dreams
It's in trying to close the door
It's never gonna stop
It's in how you're looking for
A way to make it stop
It's in missing someone more
It's never gonna stop

No it's never gonna stop
It's like trying to fly trapeze
Like has-beens gonna-bes
Ill at ease and hard to please
It's how Paris how Cologne
How even Zurich feels outgrown
It's in the way you could have known
Can you make some room for me
Can you make some room for me
It's in trying to close the door it's never gonna stop
I miss you even more and it's never gonna stop
