

Eye of the Pearl

Quilt

I used to think that you were a stranger
But now I don't know what for
You keep changing all of my meaning
You're bringing me back and forth
I don't know why
They only said you would know
Only said you would know
I don't know why
They only said you would go
Only said you would go
I used to think you were moving
But now I see you are so still
I used to think you were changing
But now I see you never will
Because it's all in time
It's all just a game
I don't know what for
I hold the pearl now
I used to think that you were a stranger
But now I don't know what for
You keep changing all of my meaning
You're bringing me back and forth
Because it's all in time
It's all just a game
I don't know what for
Eye of the pearl
The eye of the pearl
The eye of the pearl
The eye of the pearl
The eye of the pearl
The eye of the pearl
The eye of the pearl
The eye of the pearl
