

# Bitch, Don't Kill My Vibe (feat. Emeli Sandé) ©

## Kendrick Lamar

[Hook]

I am a sinner

Who is probably going to sin again

Lord forgive me

Lord forgive me

Things I don't understand

Sometimes I need to be alone

Bitch don't kill my vibe

Bitch don't kill my vibe

I can feel your energy from two planets away

I got my drink I got my music I will share it but today yelling

Bitch don't kill my vibe

Bitch don't kill my vibe

Bitch don't kill my vibe

Bitch don't kill my vibe [Verse 1]

Look inside my soul and you can find gold and maybe get rich

Look inside of your soul and you can find doubt and never exist

I can feel the changes

I can feel a new life

I always knew life can be dangerous

I can say I like a challenge and you to me is painless

You don't know what pain is

How can I paint this picture

When the color blind is hanging with ya

Fell on my face and I woke with a scar

Another mistake living deep in my heart

Buried on top of my sleeve in a flick

I can admit that it did look like yours

Why you resent every making of this

Tell me your purpose is petty again

But even a small lighter can burn a bridge

Even a small lighter can burn a bridge [Hook]

I can feel the changes

I can feel the new people around me just want to be famous

You can see that my city found me put me on stages

To me that's amazing

To you that's a quick check, with all disrespect let me say this I am a human

Who is probably going to fall again

Lord forgive me

Lord forgive me  
Things I don't understand  
Sometimes I need to be alone  
Bitch don't kill my vibe  
Bitch don't kill my vibe  
I can feel your energy from two planets away  
I got my drink I got my music I will share it but today I'm yelling  
Bitch don't kill my vibe  
Bitch don't kill my vibe  
Bitch don't kill my vibe  
Bitch don't kill my vibe[Verse 2]  
I'm trying to keep it alive and not compromise the feeling we love  
You trying to keep it deprived and only co-sign what radio does  
And I'm looking right past ya  
We live in a world, we live in a world on two different axes  
You live in a world, you living behind the mirror  
I know what you scared of, the feeling of feeling emotions inferior  
This shit is vital, I know you had to  
This shit is vital, I know you had to  
Die in a pitiful vain, tell me a watch and a chain  
Is way more believable, give me a feasible gain  
Rather a seasonal name, I'll let the people know this is something you can blame  
On yourselves you can remain, stuck in a box  
Ima break out and then hide every lock  
Ima break out and then hide every lock[Hook]  
I can feel the changes  
I can feel the new people around me just want to be famous  
You can see that my city found me put me on stages  
To me that's amazing  
To you that's a quick check, with all disrespect let me say this I am a sinner  
Who is probably gonna sin again  
Lord forgive me  
Lord forgive me  
Things I don't understand  
Sometimes I need to be alone  
Bitch don't kill my vibe  
Bitch don't kill my vibe  
I can feel your energy from two planets away  
I got my drink I got my music I will share it but today I'm yelling  
Bitch don't kill my vibe  
Bitch don't kill my vibe  
Bitch don't kill my vibe  
Bitch don't kill my vibe[Bridge]  
You ain't heard a chorus like this in a long time  
Don't you see that long line

And they waiting on Kendrick like the 1st and the 15th  
3s in the air I can see you are - in sync  
Hide your feelings, hide your feelings now what you better do  
I'll take your girlfriend and put that pussy on a pedestal  
Bitch don't kill my vibe  
Bitch don't kill my vibe  
Walk out the door and they scream it's alive  
My new year's resolution is to stop all the pollution  
Talk too motherfucking much, I got my drink I got my music  
I say - Bitch don't kill my vibe  
Bitch don't kill my vibe  
Bitch don't kill my vibe  
Bitch don't kill my vibe
