Don't anybody tell you're different, don't let them knowOeeehh that's what I want, that's what I wantYou say  
that filling me is what filling you

Don't tell them war, what fills you more

Oeeehh that's what I like, that's what I like

Don't anybody tell you different, don't let them knowOeeehh that's what I want, that's what I want
