

Lisa Says

Lou Reed

Lisa says that it's all right
When she meets me at midnight
Lisa says that she has her fun
And she'll do it with just about anyone Lisa says
Lisa says
Lisa says
Lisa says Lisa says that she's on the run
Looking for a special one
Lisa says that every time she makes it straight
She knows her heart will break Lisa says
Lisa says
Lisa says
Lisa says Looking for a party, some action
Gone to make it feel okay
But what do you mind, where the time must come on down
Look at it all Lisa says
Lisa says
Lisa says
Oh, Lisa says
Lisa says, oh
Lisa says
Lisa says
