

# That The Way I Am

Sarah Connor

Hey yeah

Ooh

I know just who I be, I know just what I need  
Don't need no sympathy, I just wanna live my life  
'Cause life is so beautiful in my eyes, hey yeah  
I love the birds and bees all in the summer breeze  
Or chillin' at the beach, I love to enjoy my life  
Leave your stress and troubles behind, oh  
That's the way I am and I don't give a damn  
If you really don't understand, 'cause I'm payin' my own rent  
And I never ask for sympathy all I wanna know's if you're down with me  
So don't misunderstand, 'cause that's just the way I am  
I know what's family, I know what's loyalty  
I know just how it feels for someone to love you right  
'Cause life's so beautiful in my eyes, yes ooh  
I love expensive things, champagne and diamond rings  
But life without these things is still a wonderful life  
Just be thankful you're alive

That's the way I am and I don't give a damn  
If you really don't understand, 'cause I'm payin' my own rent  
And I never ask for sympathy all I wanna know's if you're down with me  
So don't misunderstand, 'cause that's just the way I am  
I'm gonna live the way I live  
Enjoy my life, live positive  
And help someone who ask it's time well spent  
'Cause that's the way that I am  
Hey that's the way I am and I don't give a damn  
If you really don't understand that's the way I am  
And I don't give a damn 'cause that's the way I am  
That's the way I am and I don't give a damn  
If you really don't understand, 'cause I'm payin' my own rent  
And I never ask for sympathy all I wanna know's if you're down with me  
So don't misunderstand, 'cause that's just the way I am  
That's the way I am and I don't give a damn  
If you really don't understand, 'cause I'm payin' my own rent  
And I never ask for sympathy all I wanna know's if you're down with me  
So don't misunderstand, 'cause that's just the way I am
