

# Calling Cards

## Neko Case

I used a calling card of a pay phone  
From the other coast  
Just to tell you how good it was to hear you  
In those songs you wrote They made me think there was something coming  
Really something worth waiting for  
Blah, blah, blah... they talk about, oh oh Every dial tone, every truck stop, every heartbreak,  
I love you more  
Looking like you just woke up from making songs,  
Shooting satellites that blew up the pay phones...  
Singing we'll all be together,  
Even when we're not together  
With our arms around each other,  
With our faith still in each other  
I've got calling cards  
From 20 years ago.
