

# Sorry Somehow

HÃ¼sker DÃ¼

Time heals, time goes on and time really flies  
Time hurts and time can cut you, cut you down to size  
There's no need to touch you now, no, I'm doing fine  
Life too can cut you and I've cut you out of mine

You're making me...  
Sorry, sorry somehow  
Sorry, sorry somehow

There's no need to talk to you, well to know what's on your mind  
There's no need to see you either, no, I'm just being kind  
You want me to beg forgiveness, tender an apology  
It's not my fault and you're not getting one from me

Now I guess it's your decision now you decide  
Take me to the cleaners baby, take me for a ride  
Who ever cares for your affairs will sort it out for you  
Send me a subpoena baby tell me what to do

I don't have to think about you, think about the past  
Those days stand out in my mind and those days were the last  
I know the time is coming and I'm waiting for the day  
I'd give you everything in the world just to get it out of the way
