Sleep Tight

Matt Minikus & Josie Minikus

Day is fading in the world
Earth and Heaven Come down through rest
So put away your busyness
Come kneel beside your bed, tonight.

Morningâ€™s haven the Sky,
Sad has kiss the day Good night
So shut your sleepy little eyes
And drift up to Godâ€™s Lullaby â€œTonightâ€™2x

And tomorrowâ€™s happy day
You will run and lift and play,
But now letâ€™s starlight drift you away
In the morning you will wake for â€˜Tonightâ€™2
