

Dead River

Alice Donut

New world order out of hand
Bloodbath slaughter on the hot white sand
 Roman orgy a burning stake
The head of the Baptist wiggling on a plate
 New world order for a Texas god
 Bloodbath slaughter black crude jihad
 Blacks and Hispanics poor white trash
 Snug in the plastic of a bodybag
 No no not one senator's son
 Will die in the glory of the desert sun
 The mother of all battle
Bodies, crippled bodies, butchered bodies
 In a dry river in a dead river
