

Variety Tonight

REO Speedwagon

If ever you think you miss the thrill of the chase
Or just get tired of the same old face
But I can be different, honey, I can be new
Want someone else, I can be that too Whoa oh, gonna make you feel right
Honey, if you want it, variety tonight
Whoa oh, gonna make you feel right
Honey, you've got it, variety tonight The faces of love have their smiles and frowns
Every romance has its ups and downs
There are cases when love has been less than sweet
Love without hate is a little like light without heat Whoa oh, gonna make you feel right
Honey, if you want it, variety tonight
Whoa oh, gonna make you feel right
Honey, you've got it, variety tonight And the fire will fade if you forget it
'Cause love can't live unless you let it
Whoa, you gotta try just a little harder with the passin' days
You got to find some new ways Whoa oh, gonna make you feel right
Honey, if you want it, honey, if you want it
Variety tonight
Whoa oh, make you feel right
Honey, you've got it, honey, you've got it
Variety tonight Whoa oh, make you feel right
Honey, if you want it, honey, if you want it
Honey, you've got it, honey, you've got it Whoa oh, make you feel right
Honey, if you want it, honey, you've got it Whoa oh, make you feel right
Honey, if you want it, honey, you've got it Whoa oh, make you feel right
Honey, if you want it, honey, you've got it
