Crushed Like the Car (Polymath Remix)

Army Navy

Out of mind keep it all completely
Out of mind saying whats gone
Out of mind falling much deeper
In this end I can stop,
I dont know if someone else its looking
Someone search all into the stars
All in know its know one season
In this night I am crushed like the car
Am I just too tired for it?
Will I be inspired for it?
Have my eyes grown for the rest
Slow me like the stars
How do you last to fall and I feel great?
Something its holding me in my sweet town
Im stocking inside this
And this night I get crushed like a car
Am I just too tired for it?
Was I just not right for it?
Then my times run full of roust
Remember me like
Felling me like
Cause it feels terrible
I dont have to wait two stars
Am I just too shame for it?
Am I next you lied for it?
I will on time for it
That time is here
Am I just too tired for it?
Was I just not right for it?
Then my times run full of roust
