

Missed Easily

The High Strung

If you're looking for me
I've fallen down, it's a long way down
If you're wondering how I am
It's hard to say if I'm one way I'm not hiding, reciting with the dark
I'm not hoping or moping with the dark
I'm not laying or praying with the dark
I'm just difficult to see, missed easily, like the dark If you're looking for me
I've fallen down, it's a long way down
You can hear echoes of the words down here
Of the games and cheers I'm not hiding, reciting with the dark
I'm not moping or groping with the dark
I'm not laying or staying with the dark
I'm not naming or framing with the dark
I'm not avoiding or consorting with the dark
I'm not broken, eloping with the dark
I'm just difficult to see, missed easily, like the dark
