

# Linda

**Randy Newman**

Seven ships without a sail, seven cats without a tail  
Boy, it's weird here on this spooky old pier tonight  
But I'm not frightened 'cause I know what it is Everything is just the same as it was  
I'm in trouble because of Linda, she hurt me so badly  
She said she'd be here on our special pier, I love her Linda, the carousel's playing  
But that merry-go-round is bringing me down  
'Cause I remember what it meant to you Linda, Linda  
I love you
