

There's No 'i' In Team

Taking Back Sunday

Well, I can't regret, can't you just forget it?
I started something I couldn't finish
And if we go down, we go down together
Best friends means, well, best friends means
And I've got a twenty-dollar bill
That says you're up late night starting
Fist fights versus fences in your backyard
Wearing your black eye like a badge of honor
Soaking in sympathy from friends who never loved you
Nearly half as much as me
Broken down in bars and bathrooms
All I did was what I had to
Don't believe me when I tell you
It's just what anyone would do
Take the time to talk about it
Think a lot and live without it
Don't believe me when I tell you
It's something unforgivable, oh, oh
Well, I can't regret, can't you just forget it?
I started something I couldn't finish
If we go down, we go down together
Best friends means, well, best friends means
You never knew, well, I never told you
Everything I know about breaking hearts
I learned from you, it's true
I've never done it with the style and grace you have
But I've made long term plans
Based on these mistakes
Broken down in bars and bathrooms
All I did was what I had to
Don't believe me when I tell you
It's just what anyone would do
Take the time to talk about it
Think a lot and live without it
Don't believe me when I tell you
It's something unforgivable
Is this what you call tact?
I swear you're as subtle as a brick
In the small of my back, so let's end this call

And end this conversation, there's nothing worse
(That's right he said, that's right he said it)
I swear, you have no idea
The jealousy that became me thinking
(That's right he said)
That you always had it way too easy
Broken down in bars and bathrooms
All I did was what I had to
Don't believe me when I tell you
It's just what anyone would do
Take the time to talk about it
Think a lot and live without it
Don't believe me when I tell you
It's something unforgivable
Best friends means I pulled the trigger
Best friends means you get what you deserve
Best friends means I pulled the trigger
Best friends means you get what you deserve
Best friends means I pulled the trigger
Best friends means you get what you deserve
Best friends means I pulled the trigger
Best friends means you get what you deserve
Best friend thinks I pulled the trigger
Best friend thinks you get what you deserve
