Star by Star

The Kovenant

We were alone and on our own, in the dark between the stars
From the shadows to the pyre, amidst the chaos, from the stars
Love, life and liberty, hate, death and captivity
Like a stain of starless darkness, across the canvas of spaceStar by star
Corrupting all of humanity
So much alike are we
When I see you, I see meGalaxies glitter in the black night sky, towards progress, towards death
From the stars we have come, and to the stars we will returnThe violence of passion, the passion of violence
The perverse impulses, the savage egotism
The wicked presence, the wicked essence
The thing that unites us, the thing that divides us
