

This Is War

Flight 409

Blood and sweat.
I've givin all I've got,
There's nothin left.
Where did you go,
When I was left alone?
I cant believe what's left of me.
I swore I'd never let this show.
Cut at the knee when there's nowhere to call home.

Here we sit,
Bruised and broken again.
Would kill for me?
Cause I'd die for you.
Can you see a reason?
Can you see thru my bleedin?
Can you see thru?

Stuck in this train of thought
Kill or be killed is what we're taught
I'm not tryin to die alone, no.

But this is war,
This is war,
This is war,
This is war,

Here we sit,
Bruised and broken again.
Would kill for me?
Cause I'd die for you.
Can you see a reason?
Can you see thru my bleedin?
Can you see thru?

This is war(x4)

Where did you go?(x4)

Here we sit,
Bruised and broken again.

Would you kill for me?
Cause I'd die for you.
