Sweet Temptation

Jewel

Running fast through a fairy tale
Dark woods; starless night
Feel cold air in my lungs
Full moon, you follow me-you say
"Why do hearts so often stray?"
You pierce me like an arrow
Beneath the blanket of night
Longing for flight

[Chorus]
When you fall into me
It feels so sweet, like dreaming
Press yourself into me
Let me feel your breathing
There's a voice in your heart
Softly calling
Come to me you will see, just give in
To this sweet temptation

I awake, do a double take to see
Where it is that I lay-it could be
Day or night, I'm not quite sure
Your absence is a thorn
Your flesh, your skin
Is the only flag there is to believe in

[Chorus]

I can love you like nobody else

When you fall into me
It feels so sweet, like dreaming
Press yourself into me
Let me feel your breathing
There's a voice in your heart
Softly calling
