

# Body And Blood

## clipping.

Discipline is the blood of life  
Strength an only friend  
No time for sorry  
It's just time to move on  
I'm the last manCastration  
Furstration  
You don't mean a fuck to me  
Stronger by the hour  
What we had is soured  
Your thoughts ain't shit to meIntimidation  
Domination come the taste  
The hate I bleed  
I am the new found power  
The drug you bow to  
Your weakness is all you needAnti-life for the weak  
No sympathy for the downtrodden  
Will rise above my falls  
And crush the doubters one and all [x2]Embrace the fear until the end  
Never tinkering about the future  
Never considering the end  
Your strength is all you need
