

We'll Be Alright

[Collin Raye](#)

Today the pain we feel is cutting deeper
The faith that we had yesterday is all twisted inside
We don't know how to go about tomorrow
But we'll be alright And though the walls may crumble all around us
Dark clouds may force their way on a blue sky
These tears we share will only make us stronger
We'll be alright As long as we remember
The only thing that lasts forever
Is the love we build together side by side
We'll be alright And when we find ourselves in trouble
The spirit of our love will always survive
I hope and pray the whole wide world is watching
'Cause we'll be alright And I know that we'll remember all that lasts forever
Is the love we build together side by side
We'll be alright, we'll be alright, we'll be alright Oh, I hope the whole world is watching
We'll be alright, we'll be alright, we'll be alright
Side by side we'll be alright
