Ancient Rolling Sea

Slow Club

You know you can take a swing at me
See if it does you any good
It's a jungle out there honey
But there are diamonds in the mudSo I watch the snow come down
And think I'm moving on
It only takes an hour for the heat of the sun
To come and change the landscape
And leave you feeling like a fool
Any given morning could be joyous or cruelBut I'm by your side
By your side
I'll always be
By your side
By your side
By your side
I'll always be
By your sideYou got your battles
And they rage like
An ancient rolling seaBut over and over
I try to understand
I think I'm getting it finally
Up on the surface
It always looks kind of calm
But you know that you
Don't have to be lost or aloneJust take as much time
As you need to decide
Just try and remember
That we're always by your side
By your side
By your side
I'll always be
By your sideBy your side
By your side
I'll always be
By your side
