(What a) Wonderful World

Bryan Ferry

Don't know much about history
Don't know much biology
Don't know much about science books
Don't know much about the French I tookBut I do know that I love you
And I know that if you love me too
What a wonderful world this would beDon't know much about geography
Don't know much trigonometry
Don't know much about algebra
Don't know what a slide rule is forBut I know that one and one is two
And if this one could be with you
What a wonderful world this would beI don't claim to be an 'A' student
But I'm trying to be
Maybe by being an 'A' student, baby
I can win your love for meI don't claim to be an 'A' student
But I'm trying to be
Maybe by being an 'A' student, baby
I can win your love for meDon't know much about history
Don't know much biology
Don't know much about science books
Don't know much about the French I tookBut I do know that I love you
And I know that if you love me too
What a wonderful world this would beWhat a wonderful world this would be
What a wonderful world this would be
What a wonderful world this would be
What a wonderful world this would be
What a wonderful world this would be
