Too Young

Pretty Ricky

Shawty, I been staring at you
(Girl I been staring at you)
Said I'm attracted to you
(I'm attracted to you)
But you way too young for me girl
Shawty, I been staring at you
(Girl I keep staring at you)
Said I'm attracted to you
(I'm attracted to you)
But you way too young for me girl
Baby girl lookin' good day by day, yeah
She a 'Lil Jon chick all she say is okay
(Okay)
But what's up with these childish games
You playing on my phone, I'm attracted
But I'm 'bout to leave you alone
Why you actin' like you still in the 6th grade?
All I'm trying to do is chill wit' you and get paid
It's a shame bad news caught you at my crib
Snoopin' through my room, lookin' like a spy kid, bad as you is
I had ta give you the props but den I had to stop
When you got hot 'cause I couldn't give you this lollipop
When you finally grow up let me know

Shawty, I been staring at you
(Girl I been staring at you)
Said I'm attracted to you
(I'm attracted to you)
But you way too young for me girl
Shawty, I been staring at you
(Girl I keep staring at you)
Said I'm attracted to you
(I'm attracted to you)
But you way too young for me girl
Shawty, girl, you got a body like you 18
But you way to young for my fantasy
I would date you; but a player might get caught
And I ain't tryin' ta hear ya mami mouth in court
I know I love you, you know you love me

So can you wait just 1 mo'year for me
I'm lookin' for a baby mama
Girl let's make some drama
I ain't worried 'cause my bank account got commas
So holla at me when you turn 18
But until den all I can do is daydream
'Cause ya lips look soft, girl hang my posters on ya wall
Kiss 'em every nite 'cause I feel it all
Whoa
Shawty, I been staring at you
(Girl I been staring at you)
Said I'm attracted to you
(I'm attracted to you)
But you way too young for me girl
Shawty, I been staring at you
(Girl I keep staring at you)
Said I'm attracted to you
(I'm attracted to you)
But you way too young for me girl
2:30 in da school zone
(All day)
You know I'm tryna have fun wit' you
(All day)
But got damn you wearin' dat thong girl
(All day)
I'm thinkin' 'bout doin' something so wrong
(Something so wrong)
Everybody know the type
Walkin' down da street lookin' like 20 or 18
Baby girl fine, off in da ride
Conversation just right
But we can't do nothin' that's a little jail time
I can't even risk it, maybe we can chill or kick it
I'll be ya umm, Mr. Fix It, play it from a distance
Got me wishin' you was 1 year older so I could get off in it
And uh if its grass on da football field
You know I'm gon' ball tryin' to get dem panty draws
Dey gon' put me behind bars, tryna grab it like a claw
And I'm like fuck da law
Oh law
(Oh law)
I ain't scared
I ain't tryna to get caught dead, red handed
Abandoned from my family; it's goin' down like da Titanic
Shawty, I been staring at you

(Girl I been staring at you)
Said I'm attracted to you
(I'm attracted to you)
But you way too young for me girl
Shawty, I been staring at you
(Girl I keep staring at you)
Said I'm attracted to you
(I'm attracted to you)
But you way too young for me girl
